## Welcome to the world of Colosé

High quality cosmetics from Switzerland

Colosé is a dynamic and creative cosmetic brand, which includes a complete line of skin care and beauty products for ladies and men.

The production of the Colosé items takes place at our very modern factory in Switzerland, which meets the requirements of the international standard for quality management, quality assurance, the best hygienic conditions, ISO and GMP certificate.

Our laboratory is constantly improving the quality of our products and develops new and modern cosmetics. The dermatological properties of each ingredient are tested and classified. The finished preparations are subject to an extremely stringent final inspection, which is performed partly in-house and partly at highly specialised institutes for biological, toxicological and bacteriological tests.

For ethical reasons and cosmetic regulations we never carry out tests on animals.

The raw materials, perfume bases and also the finished product correspond to the EU regulations, the Swiss Health Department and Food and Drug Administration in the United States.

Our Colosé products are known and loved since more than 35 years in over forty-five countries through out the world.
